February 8<sup>th</sup> 2016

## ICT at Norwich School

Prep 2 and 3 have been hard at work improving their ICT skills at Norwich School every Monday. Mrs Ingham has been teaching them to create simple animations using a programme called 'Scratch'. The children have to draw an object (called a sprite) and a background (called a stage). They can then give the sprite instructions to move it around the stage in response to certain commands or events. They have worked very hard to make space rockets land on the moon and made superb progress in their understanding of this important skill.

## Fundraising News

Thank you to all for supporting our Home Clothes Day which raised over £100 for 'Walking with the Wounded'. We look forward to a special Assembly on Wednesday about the work the charity undertakes.

## Transition take a walk in the woods!

Transition found a gap in the wet and windy weather last week and set off for a walk in the woods!

## Nippers having a Ball!

The children in Nippers have loved using the new Funny Face Balls!
